## Independent Auditors' Review Report

To the Board of Directors of Evergreen Aviation Technologies Corporation:

### Introduction

We have reviewed the accompanying balance sheets of Evergreen Aviation Technologies Corporation ("the Company") as of June 30, 2022 and 2021, and the related statements of comprehensive income, changes in equity and cash flows for the six months ended June 30, 2022 and 2021, and notes to the financial statements, including a summary of significant accounting policies. Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the financial statements based on our reviews.

### Scope of Review

We conducted our reviews in accordance with Statement of Auditing Standard 65, "Review of Financial Information Performed by the Independent Auditor of the Entity". A review of the financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the generally accepted auditing standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our reviews, nothing has come to our attention that causes us to believe that the accompanying financial statements do not present fairly, in all material respects, the financial position of Evergreen Aviation Technologies Corporation as of June 30, 2022 and 2021, and of its financial performance and its cash flows for the six months ended June 30, 2022 and 2021 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

The engagement partners on the reviews resulting in this independent auditors' review report are Chia-Chien Tang and Ming-Hung Huang.

#### Notes to Readers

The accompanying financial statements are intended only to present the financial position, financial performance and cash flows in accordance with the accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to review such financial statements are those generally accepted and applied in the Republic of China.

The independent auditors' review report and the accompanying financial statements are the English translation of the Chinese version prepared and used in the Republic of China. If there is any conflict between, or any difference in the interpretation of the English and Chinese language independent auditors' review report and financial statements, the Chinese version shall prevail.

**EVERGREEN AVIATION TECHNOLOGIES CORPORATION**

**Notes to the Financial Statements**

**June 30, 2022 and 2021**

**(expressed in thousands of New Taiwan dollars, unless otherwise specified)**

**(1) Company history**

Evergreen Aviation Technologies Corporation (the “Company”) was incorporated on November 10, 1997, as a corporation limited by shares under the Company Act of the Republic of China (R.O.C.).

The business activities of the Company are

- maintenance, repair and overhaul of airframes, aircraft engines and accessories;
- manufacture, conversion and sale of airframes and engine parts;
- technical and management consulting for the preceding items;
- import and export of the preceding items;
- civil aviation personnel training.

**(2) Approval date and procedures of the financial statements:**

The financial statements were authorized for issue by the Board of Directors on August 1, 2022 .

**(3) New standards, amendments and interpretations adopted:**

- (a) The impact of the International Financial Reporting Standards (“IFRSs”) endorsed by the Financial Supervisory Commission, R.O.C. which have already been adopted.

The Company has initially adopted the following new amendments, which do not have a significant impact on its financial statements, from January 1, 2022:

- Amendments to IAS 16 “Property, Plant and Equipment—Proceeds before Intended Use”
- Amendments to IAS 37 “Onerous Contracts—Cost of Fulfilling a Contract”
- Annual Improvements to IFRS Standards 2018–2020
- Amendments to IFRS 3 “Reference to the Conceptual Framework”

**EVERGREEN AVIATION TECHNOLOGIES CORPORATION**  
**Notes to Financial Statements**

**(b) The impact of IFRS issued by the FSC but not yet effective**

The Company assesses that the adoption of the following new amendments, effective for annual period beginning on January 1, 2023, would not have a significant impact on its financial statements:

- Amendments to IAS 1 “Disclosure of Accounting Policies”
- Amendments to IAS 8 “Definition of Accounting Estimates”
- Amendments to IAS 12 “Deferred Tax related to Assets and Liabilities arising from a Single Transaction”

**(c) The impact of IFRS issued by IASB but not yet endorsed by the FSC**

The Company does not expect the following new and amended standards, which have yet to be endorsed by the FSC, to have a significant impact on its financial statements:

- Amendments to IFRS 10 and IAS 28 “Sale or Contribution of Assets Between an Investor and Its Associate or Joint Venture”
- IFRS 17 “Insurance Contracts” and amendments to IFRS 17 “Insurance Contracts”
- Amendments to IAS 1 “Classification of Liabilities as Current or Non-current”
- Amendments to IFRS 17 “Initial Application of IFRS 17 and IFRS 9 – Comparative Information”

**(4) Summary of significant accounting policies:**

Except the following accounting policies mentioned below, the significant accounting policies adopted in the financial statements are the same as those in the financial statement for the year ended December 31, 2021. For the related information, please refer to note 4 of the financial statements for the year ended December 31, 2021.

**(a) Statement of compliance**

These financial statements have been prepared in accordance with the preparation and guidelines of IAS 34 “Interim Financial Reporting” which are endorsed and issued into effect by FSC, and do not include all of the information required by the Regulations and International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations and SIC Interpretations endorsed and issued into effect by the FSC (hereinafter referred to IFRS endorsed by the FSC) for a complete set of the annual financial statements.

**(b) Employee benefits**

The pension cost in the interim period was calculated and disclosed on a year-to-date basis by using the actuarially determined pension cost rate at the end of the prior fiscal year, adjusted for significant market fluctuations since that time and for significant curtailments, settlements, or other significant one-time events.

**EVERGREEN AVIATION TECHNOLOGIES CORPORATION**  
**Notes to Financial Statements**

**(c) Income taxes**

The income tax expenses have been prepared and disclosed in accordance with paragraph B12 of International Financial Reporting Standards 34, Interim Reporting.

Income tax expenses for the period are best estimated by multiplying pre-tax income for the interim reporting period using the effective annual tax rate as forecasted by the management. This should be recognized fully as tax expense for the current period (and allocated to current and deferred taxes based on its proportionate size).

Temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and their respective tax bases shall be measured based on the tax rates that have been enacted or substantively enacted at the time of the asset or liability is recovered or settled, and be recognized directly in equity or other comprehensive income as tax expense.

**(5) Significant accounting assumptions and judgments, and major sources of estimation uncertainty:**

The preparation of the financial statements in conformity with the Regulations and IFRSs (in accordance with IAS 34 “Interim Financial Reporting” and endorsed by the FSC) requires management to make judgments, estimates and assumptions that affect the application of the accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates.

The preparation of the financial statements, estimates and underlying assumptions are reviewed on an ongoing basis which are in conformity with the financial statements for the year ended December 31, 2021. For related information, please refer to note 5 of the financial statements for the year ended December 31, 2021.

**(6) Explanation of significant accounts:**

**EVERGREEN AVIATION TECHNOLOGIES CORPORATION**  
**Notes to Financial Statements**

(i) Retain earnings

The Company's article of incorporation stipulate that Company's net earnings should first be used to offset the prior years' deficits, if any, before paying any income taxes. Of the remaining balance, 10% is to be appropriated as legal reserve, and then any remaining profit together with any undistributed retained earnings shall be distributed according to the distribution plan proposed by the Board of Directors and submitted to the stockholders' meeting for approval. The dividends can be distributed wholly or partly in cash only after a resolution has been adopted by a majority vote at a meeting of the board of directors attended by two-thirds of the total number of directors; and in addition thereto a report of such distribution shall be submitted to the shareholders' meeting.

1) Legal reserve

When a company incurs no loss, it may, pursuant to a resolution by a shareholders' meeting, distribute its legal reserve by issuing new shares or by distributing cash, and only the portion of legal reserve which exceeds 25% of capital may be distributed.

2) Earnings distribution

As the Company is in its growth phase, the Board of Directors has adopted the following principles in the appropriation of earnings, in order to meet its operational plan and guarantee shareholders' right:

- a) The annual appropriation of not less than 50% of the current after-tax net income as the shareholders' dividend.
- b) The dividends may be distributed either in full cash, or in the form of cash dividends of at least 50% of the total dividends.

Earnings distribution for 2021 and 2020 were approved by the general meetings of shareholders held on June 10, 2022 and April 29, 2021, respectively. The relevant dividend distributions to shareholders were as follows:

	2021		2020

For details on notes and accounts receivable (including related parties) and loss allowance, please refer to note 6(b).

The amount of revenue recognized for the six months ended June 30, 2022 and 2021 that were included in the contract liability balance at the beginning of the period were \$87 thousand and \$42,156 thousand, respectively.

The contract asset primarily relates to the amount of revenue that has been recognized for the maintenance but not completed at the reporting date. The contract assets are transferred to receivables when the rights to consideration become unconditional.

The contract liabilities primarily relate to the advance consideration received from customer for the maintenance but has not yet completed, for which revenue is recognized when the products or the services are delivered to customer.

The major change in the balance of contract assets and contract liabilities is the difference between the time frame in the performance obligation to be satisfied and the payment to be received.

The contract of maintenance services has an original expected duration of less than one year, thus the Company applies the practical expedient of IFRS 15 and does not disclose information about the transaction price allocated to the remaining performance obligations of the contract.

(s) Employee compensation, and the directors' and supervisors' remuneration

According to the Company's Articles of Incorporation, once the Company has an annual earnings, a minimum of 1% will be distributed as employee compensation and a maximum of 2% will be allotted for directors' and supervisors' remuneration. However, if the Company has accumulated losses, the earnings shall first be offset against any deficit.

For the six months ended June 30, 2022 and 2021, the Company accrued and recognized employee remuneration amounting to \$20,978 thousand and \$23,532 thousand, respectively, and directors' and supervisors' remuneration amounting to \$3,497 thousand and \$3,835 thousand, respectively. These remuneration were expensed under operating costs or operating expenses for each period. If there are any significant changes between the accrued amounts and actual amount after the year end, the cost or expense for the year accrued should be adjusted. The differences between the amounts approved in the shareholders' meeting and those recognized in the financial statements, if any, shall be accounted for as changes in accounting estimates and recognized in profit or loss in the following year.

**EVERGREEN AVIATION TECHNOLOGIES CORPORATION**  
**Notes to Financial Statements**

There were decreases of \$22,896 thousand between the actual employees' remuneration and directors' and supervisors' remuneration for the year of 2020, determined by the Board of Director, and the estimated amounts mainly due to the adjustment of the Board of Directors' resolution. The differences shall be accounted for as changes in accounting estimates and recognized in profit or loss for the year of 2021. There were no difference between the actual distributed amounts as determined by Board of Directors and those recognized in the financial statement for the year of 2021. The related information mentioned can be found on Market Observation Post System website.

**(u) Financial instruments**

Except for the contention mentioned below, there was no significant change in the fair value of the Company's financial instruments and degree of exposure to credit risk, liquidity risk and market risk arising from financial instruments. For related information, please refer to note 6(u) of the financial statements for the year ended December 31, 2021.

**(i) Credit risk**

**1) Credit risk exposure**

The carrying amount of financial assets and contract assets, represents the maximum amount exposed to credit risk.

**2) Circumstances of concentration of credit risk**

The Company's primary potential credit risk is from accounts receivable and similar financial instruments. The Company concentrates on transactions with a few customers. In order to reduce credit risk, the Company also assesses the financial condition of customers regularly and asks for their reimbursement plan. The Company evaluates the credit losses and recognizes impairment provision regularly. The impairment losses was under the expected by the management. As of June 30, 2022, December 31 and June 30, 2021, 58%, 79% and 46% of accounts receivable were 3, 3 and 2 major customers, respectively.

**3) Credit risk of receivables and debt securities**

For credit risk exposure of notes and accounts receivable, please refer to note 6(b).

Other financial assets at amortized cost includes other receivables and time deposit.

All of these financial assets are considered to have low risk, and thus, the impairment provision recognized during the period was limited to 12 months expected losses. Regarding how the financial instruments are considered to have low credit risk, please refer to note 4(f) of the financial statements for the year ended December 31, 2021.

**EVERGREEN AVIATION TECHNOLOGIES CORPORATION**  
**Notes to Financial Statements**

(iii) Currency risk

1) Exposure to foreign currency risk

The Company's significant exposure to foreign currency risk was as follows:

	June 30, 2022			December 31, 2021			June 30, 2021		
	Foreign currency	Exchange rate	NTD	Foreign currency	Exchange rate	NTD	Foreign currency	Exchange rate	NTD

2) Sensitivity analysis

The Company's exposure to foreign currency risk arises from the translation of the foreign currency exchange gains and losses on cash and cash equivalents, notes receivable, accounts receivable (including related parties), accounts payable (including related parties) and other payables that are denominated in foreign currency. A strengthening (weakening) of 1% of the NTD against the USD as of June 30, 2022 and 2021, would have decreased / increased the profit before tax by \$28,789 thousand and \$26,433 thousand, respectively. Equity would have decreased / increased the profit before tax by \$16,299 thousand and \$14,692 thousand, respectively. The analysis is performed on the same basis for 2022 and 2021.

Due to the variety of the Company's currency, the Company discloses its exchange gains and losses of monetary items collectively. For the six months ended June 30, 2022 and 2021, the Company's foreign exchange gains (losses), net (including realized and unrealized of monetary items) amounted to \$210,298 thousand and \$(71,536) thousand, respectively.

**EVERGREEN AVIATION TECHNOLOGIES CORPORATION**  
**Notes to Financial Statements**

(iv) Interest rate analysis

Please refer to the notes on liquidity management and interest exposure of the Company's financial liabilities.

The following sensitivity analysis is based on the exposure to interest rate risk of the non-derivative financial instruments on the reporting date. For variable-rate instruments, the sensitivity analysis assumes the variable-rate liabilities are outstanding for the whole year on the reporting date. The Company's internal department reported the increases/decreases in the interest rates and the exposure to changes in interest rates on 1% to the Company's key management so as to allow key management to assess the reasonableness of the changes in the interest rates.

If the interest rate increases / decreases by 1% all other variable factors that remain constant, the profit of the Company will decrease / increase \$42,158 thousand and \$49,845 thousand for the six months ended June 30, 2022 and 2021, respectively due to the Company's floating-interest borrowings.

(v) Fair value

2) Valuation techniques and assumptions used in fair value determination

a) Non-derivative financial instruments

The fair value of financial instruments traded in an active market is based on the quoted market prices. The quotations, which is published by the main exchange center or that which was deemed to be a public bond by the Treasury Bureau of Central Bank, is included in the fair value of the listed securities instruments and the debt instruments in active markets with open bid.

(Continued)

**EVERGREEN AVIATION TECHNOLOGIES CORPORATION**  
**Notes to Financial Statements**

A financial instrument is regarded as being quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency and those prices represent actual and regularly occurring market transactions on an arm's-length basis. Whether transactions are taking place 'regularly' is a matter of judgment and depends on the facts and circumstances of the market for the instrument.

Quoted market prices may not be indicative of the fair value of an instrument if the activity in the market is infrequent, the market is not well-established, only small volumes are traded, or bid-ask spreads are very wide. Determining whether a market is active involves judgment.

For financial instruments traded in active markets, their fair values are listed below by types and attributes:

- The stocks of publicly traded companies are financial assets which are traded in active markets under standard terms and conditions. The fair value of the abovementioned stocks is based on quoted market prices.

Measurements of fair value of financial instruments without an active market are based on a valuation technique. Fair value measured by a valuation technique can be extrapolated from the fair value of similar financial instruments, the discounted cash flow method, or other valuation technique.

For financial instruments not traded in active markets, their fair values are listed below by types and attributes:

- Equity instruments with no quoted market prices: the Company takes the quote market prices and the price-book ratios of similar publicly traded companies into consideration by using the market comparison approach. The estimates had been adjusted by the depreciation from lack of market liquidity.

b) Derivative financial instruments

Measurement of the fair value of derivative instruments is based on the valuation techniques generally accepted by market participants such as the discounted cash flow and option pricing models. Fair value of forward currency is usually determined by the forward currency exchange rate.

- 3) Transfer between Level 1 and Level 2: None.
- 4) Changes between Level 3: None.
